MARCH 2017 PRODUCT INFORMATION

FOR NUTRITIONAL INFORMATION OR COLOR PHOTOS OF OUR PRODUCTS GO TO OUR WEBSITE @ www.pieshoppe.com.

IF YOU STILL HAVE QUESTIONS, PLEASE GIVE US A CALL.

ABOUT OUR PIES ...

- ❖ Our pies are 9 inches in diameter and come individually packaged in their own corrugated box. They can be divided into 6 - 8 slices!
- ❖ Our pies are made with the finest ingredients and baked right before they are delivered to you. Our pies DO NOT arrive unbaked or frozen. *It is important that your organization deliver the products the same day they arrive from us.*
- ❖ Cream pies should be refrigerated. Freezing these pies can affect their appearance and make their crusts soft. Cream pies should last 4-5 days if refrigerated.
- ❖ Our fruit pies have a shelf life without refrigeration. Refrigerating our fruit pies will make them last about 5 days. Fruit pies can be frozen. We recommend wrapping the pie in a freezer bag or foil and placing it back in its original box for best freezing results. Pies may be frozen approximately 1 to 2 months. Pies frozen longer than 2 months aren't harmful – they just aren't at their peak flavor and texture.
- ❖ To thaw a pie, immediately place it in a 350°F oven for 25-30 minutes then serve.

ABOUT OUR PUMPKIN ROLLS ...

- ❖ Each pumpkin roll is about 6 ½ inches long, providing about 8 to 10 servings and comes individually packaged in its own corrugated box.
- ❖ Our pumpkin rolls have a cream cheese filling and should be refrigerated.
- ❖ Our pumpkin rolls can be frozen. For best results, keep them in saran and place them back in their original box. They may be frozen for approximately 1 to 2 months. Pumpkin rolls frozen longer than 2 months aren't harmful – they just aren't at their peak flavor and texture.

ABOUT OUR CINNAMON ROLLS ...

- ❖ *CINNAMON ROLLS MUST BE DISTRIBUTED THE SAME DAY THEY ARE DELIVERED TO YOUR ORGANIZATION.*
- ❖ Our cinnamon rolls come packaged in corrugated boxes of a dozen.
- ❖ Store the cinnamon rolls in a ziplock bag for freshness. They taste best when reheated in foil in a 350°F conventional oven for 10 to 12 minutes. Microwaving a single cinnamon roll for 15 seconds also works.
- ❖ Our cinnamon rolls with cream cheese icing should be refrigerated.
- ❖ Our cinnamon rolls can be frozen. For best results, place them in a freezer bag then back in their original box. They may be frozen for approximately 1 to 2 months. Cinnamon rolls frozen longer than 2 months aren't harmful – they just aren't at their peak flavor and texture. Wrapping the cinnamon rolls individually for freezing, then removing them as needed and reheating them makes for a delicious breakfast snack!
- ❖ Cinnamon rolls are **not** available October 30, 2016 through December 2016 and April 1-15, 2017. Our high volume of pies during those holiday months does not permit us the oven space we need to have cinnamon rolls available as well.

ABOUT OUR BOSTON CREAM PIE ...

- ❖ Boston cream pie is 9 inches in diameter and consists of 2 layers of white cake with a fresh cooked cream center and chocolate icing. Please refrigerate.
- ❖ We do not recommend freezing this product.
